MEMORANDUM FOR: Assistant Director for Special Activities

SUBJECT 25X1A5a: Negotiation of Contract with

REFERENCE : CEL-1883/64 dated 12 November 1964 25X1A5a1
Subject: Negotiation of Contract with

25X1A5a1

1. This memorandum requests that a contract be negotiated with [REDACTED] for purposes set forth in Technical Proposal P-22 attached. The field measurement program described therein is a logical extension of the contractor's Technical Proposal No. P-21 negotiated in response to reference.

3. Reference contract provided financing for the detail of contract personnel to [REDACTED] and other predetermined collection sites to study the electronic environment in which the systems would operate, and concurrently, involved minimal hardware development. The same personnel involved in the execution of the prior contract will be used in the fulfillment of the present task. Accordingly, this contract should be negotiated as a supplemental agreement to the existing task and all charges incurred in connection therewith should be identified by the contractor and charged against the cost center cited on the Form 1716, attached.

4. Agency association with this contract is to be classified **SECRET**, and reports prepared in response thereto are to be classified in accordance with guidance provided by the Project Officer. Hardware developed in connection therewith will be **UNCLASSIFIED**. Government furnished equipment to be furnished the contractor will be treated as a separate supply action and processed to the CSA Contracting Officer for the maintenance of property records.
